

Prem Borse

Full Stack Developer — AI Developer

+91 7030201702 — premborse99@gmail.com — LinkedIn — GitHub

PROFILE SUMMARY

Full Stack & AI Developer with hands-on internship experience at two companies—Ethara AI (LLM fine-tuning pipelines) and Blue Planet Info Solutions (React, FastAPI, SQL client projects). Independently built and won awards for MEDIASSIST AI, a rural healthcare platform powered by Gemini API, Python, and FastAPI with ML-based symptom analysis, medical report summarization, and prescription digitization. Adept at owning features end-to-end, shipping real products under tight deadlines, and integrating LLMs into full-stack applications.

WORK EXPERIENCE

AI Developer Intern

Oct 2025 – Mar 2026

Blue Planet Info Solutions Pvt. Ltd. — Full Stack & AI — Pune (Remote)

- Built MVPs and client-facing prototypes end-to-end using React, FastAPI, TypeScript, and SQL.
- Owned frontend architecture on two lead client projects and integrated FastAPI REST APIs.
- Collected, cleaned, and structured domain-specific datasets supporting AI model development.
- Delivered functional prototypes under real client deadlines across the product lifecycle.

LLM Fine-Tuning Intern

Jan 2026 – Mar 2026

Ethara AI — Early-Stage AI Startup — Gurugram

- Collected, cleaned, and structured domain-specific datasets for LLM fine-tuning pipelines.
- Annotated and validated thousands of data samples to ensure training quality.
- Collaborated with ML teams to improve data quality and training cycles.
- Performed exploratory data analysis (EDA) on raw datasets.

PROJECTS

1. MEDIASSIST AI — Award-Winning Rural Healthcare Platform

- Built an AI-powered healthcare platform using Gemini API, Python, React, and FastAPI.
- Won multiple competitions across Maharashtra.
- Implemented ML-based symptom analysis, medical report summarization, OCR prescription digitization, and doctor appointment booking.
- Designed for rural healthcare accessibility with emphasis on safety and explainability.

2. MEDBOT — AI-Based Medical Assistant (1st Prize Winner)

- Won 1st Prize at an inter-college competition.
- Developed symptom-based medical guidance, OCR prescription scanning, and medical report explanation.
- Integrated generic medicine ordering with focus on transparency and safety.

3. LLM Response Evaluation Mini Project

- Evaluated LLM responses for relevance, correctness, and clarity.
- Compared prompt engineering strategies and analyzed hallucinations.
- Developed structured evaluation frameworks for AI quality assurance.

4. EduQuest — AI-Integrated Career Guidance Platform

- Collaborated on an AI-assisted career guidance platform.
- Owned frontend development and API integration.
- Live prototype: <https://eduquest-proto.netlify.app>

SKILLS

Programming & Development: Python, JavaScript, TypeScript, React.js, FastAPI, REST APIs, HTML, CSS, Tailwind CSS, Git

AI & Machine Learning: LLM Fine-Tuning, Prompt Engineering, LLM Response Evaluation, NLP (Basic), Gemini API, Google AI Studio, Azure ML, N8n

Data & Tools: Pandas, NumPy, EDA, Data Annotation, Data Pipelines, JSON, Google Sheets

Databases & Backend: SQL, MongoDB (Basic), FastAPI, REST APIs

Deployment & Platforms: Vercel, Netlify, Azure Cognitive Services, WordPress

Expertise Areas: Full Stack Development, AI-Integrated Applications, LLM Pipelines, Healthcare AI, End-to-End Product Development

CERTIFICATIONS & ACHIEVEMENTS

- Build a Computer Vision App with Azure Cognitive Services — Microsoft / LinkedIn Learning
- Build a Free Website with WordPress — LinkedIn Learning
- 1st Prize — Inter-College Project Competition (MEDBOT)
- 2nd Rank — College-Level Computer-Based Quiz Competition
- Nodal Level Selection — Smart India Hackathon
- Award-winning MEDIASSIST AI — Multiple competition wins across Maharashtra

EDUCATION

B.Tech in Computer Science & Engineering	2023 – 2027
Dr. Babasaheb Ambedkar Technological University (DBATU)	
Godavari College of Engineering, Jalgaon	
Senior Secondary (XII) — Science	2023
Maharashtra State Board — 69.68%
